

P19 Plastic Body Food Penetration pH Probe

Plastic Body Food Penetration pH Probe, single junction, recommended for Cheese, Food & Beverage, Fruit, Meat, Semi Solids

Recommended Applications: Cheese, Food & Beverage, Fruit, Meat, Semi Solids

Specifications

pH Range	0 – 14
Cable Length	1 metre
Combination	Yes
Connector	BNC
Temperature Range	0 – 60°C
Lower Shaft Length	75mm inc Spear Point
Lower Shaft Diameter	8mm
E O Point	0 to ± 25 mV
Junction Type	Porous Teflon
Reference Type	Ag/AgCl, Gel filled, Single Junction
Response Time	<30 secs 95% FSD
Shelf Life	12 months
Cleaning Solution	791-15
